Employer and Specialty Information

The Indiana Board of Licensure for Professional Geologists receives many requests for names of consultants licensed in Indiana. As a service to the public, we are offering LPGs the opportunity to add their names, employer information, and specialty areas on the InBLPG website. The database is searchable by name, location, and specialty.

If you are interested in having your name and employer information listed on the InBLPG website with your specialties or need to make any changes to your existing public information, please indicate below. Please save your document as a pdf and e-mail it to the Licensing Coordinator at inblpg@iu.edu.

LPG #
